Cookie Policy

On this page we explain which cookies reskyt.app uses, what they are for and how you can accept them, reject them or change your mind whenever you want.

1. What cookies are

Cookies are small files that a website stores in your browser or device when you visit it. They are used, for example, to make the website work, to remember your preferences or to know how it is used. In this policy we also call "cookies" other similar technologies, such as the browser's local storage or pixels.

2. Who uses them

The controller of this website is Reskyt Online, S.L., Tax ID (NIF) B25767773, with its address at Carrer de Sant Elies, 29-35, 4.º 1.ª, escalera B, 08006 Barcelona. Some cookies are ours (first-party cookies) and others are set by companies that provide us with a service (third-party cookies), which are named in the table in section 3.

3. Which cookies we use

We use three types of cookies. Only technical cookies are set without asking for your permission, because without them the website does not work or is not secure (Art. 22.2 of Spanish Law 34/2002, LSSI). The others are only set if you accept them.

- **Technical:** they allow you to browse and remember your choice about cookies.
- **Analytics:** they tell us, in aggregate form, how many people visit the website and how they use it, so that we can improve it.
- **Marketing:** they help us measure our campaigns.

Cookie	Provider	Type	Purpose	Duration
rskt_cc (local storage)	Reskyt (first-party)	Technical	To store whether you accept or reject each type of cookie	12 months
_ga	Google (Google Analytics)	Analytics	To distinguish visitors in order to compile usage statistics	2 years
_ga_[ID]	Google (Google Analytics)	Analytics	To keep the session state for statistics	2 years
_clck	Microsoft (Clarity)	Analytics	To distinguish visitors in order to analyse how the website is used	1 year
_clsk	Microsoft (Clarity)	Analytics	To group the pages viewed in a single visit	1 day
_gcl_au	Google (Google Ads)	Marketing	To measure the results of our campaigns	3 months

If we add or remove any cookie, we will update this table.

4. How to accept them, reject them or change your mind

The first time you visit the website we show you a notice so that you can accept all cookies, reject them or choose by type. Rejecting is as easy as accepting, and if you close the notice without choosing we do not set any cookie other than technical ones.

You can change your choice at any time from the "Cookie settings" link at the foot of every page. Your choice is stored for 12 months; after that we will ask you again.

You can also block or delete cookies from your browser settings (Chrome, Safari, Firefox, Edge or others). If you block technical cookies, some parts of the website, such as the contact form, may not work properly.

5. International transfers

Some third-party cookie providers, such as Google and Microsoft, may process data in the United States. These transfers are based on the EU-US Data Privacy Framework or on the European Commission's standard contractual clauses.

6. More information and contact

What we do with the personal data obtained through cookies, and how to exercise your rights, is explained in our Privacy Policy. For any questions you can write to our Data Protection Officer at dpo@reskyt.com.

7. Changes to this policy

If we change this policy, we will publish the new version here with its date.
